

I urge you to reject the NAB's petition 04-160. I subscribe to Satellite Radio and benefit from the variety and quality. It is something I have chosen to do because I feel that it offers much more than regular radio and I pay for the services it provides, much like one pays for cable tv. I do not believe that the National Association of Broadcasters should be able to dictate the content of any of the stations on Satellite Radio. Thank you for your thoughtful consideration in regards to this matter.

Sincerely,

Nicole Worley
